

Copper City Happenings of Interest

Bisbee Daily Review News Bureau—International-American Building, Douglas

TUCSON MEETING IS BRANDED A FIASCO

SPECIAL CORRESPONDENT TELLS THE TRUTH ABOUT TUCSON MEETING.

Only a Few Mo'backs and Mummies Present at the Joint Statehood Meeting Held in the Old Pecos This Week—Mayor Manning Wires the Facts to Mark Smith.

The so-called joint statehood meeting held in Tucson Tuesday evening was just what the International-American branded it—a fiasco. It contained no one who is in any way entitled to regard as a representative of anybody in Tucson or in Arizona.

The following concerning the meeting was sent to the Arizona Republic by a special correspondent who was present at the meeting:

"A meeting of the advocates of joint statehood was held here last night. It was an invitation affair, in which few took any interest. There were forty-seven persons present and these two-thirds were of the curiosity, taking no part in the proceedings. There were speeches by Judge Rouse, John B. Wright, Selim M. Franklin and Governor L. C. Hughes and his son, John T. Hughes. The meeting was presided over by C. F. Schumacher, and the secretary was Dr. Mark Rodgers, chairman and secretary, respectively, of a joint statehood association which was formed here last week.

"The addresses were coldly received, except within the small coterie of the half dozen leaders of the movement. The meeting adopted resolutions beginning 'We, the people of Pima county,' etc., and setting forth that the sentiment contained in them was representative of the sentiment of the people of the county. These resolutions were sent to President Roosevelt by telegraph, and he was urged to incorporate in his forthcoming message to congress a strong recommendation for the admission of Arizona and New Mexico.

"The action of the meeting in sending this resolution has aroused a great deal of indignation here, and tonight Mayor L. H. Manning sent a telegram to Hon. M. A. Smith, describing the nature and character of the meeting, saying that there were represented in it only the few who took an active part in it; that the sentiment expressed by them is in opposition to the overwhelmingly prevailing sentiment in the county. Mr. Smith was asked to bring this to the attention of the President forthwith."

More Contributions—The fund for the assistance of E. P. Grindell in the search for his brother has been closed. Mr. Fairall today received from F. W. Faust a cash contribution of \$2, which will pay for another hardware house contributed the ammunition required by Mr. Colvin, who goes this afternoon to join the Grindell party at Hermosillo.

Begin the Grade Now—It is to be hoped that the Douglas street car company will have no time in starting the work of grading and preparing the streets of this city for their extended lines. If the grading is done now the expected rains during the winter will settle the ground again, thereby avoiding the dust which would result if the work was done after the winter rains.

Special Meeting of Supervisors—Supervisor Taylor was this morning notified that a special meeting of the board of supervisors will be held on December 1st for the purpose of making some corrections in assessments and to authorize an advertisement for bids for county supplies for the next year. Persons who have discovered errors in their assessments should file affidavits with the clerk.

New Store—This morning H. E. Dugan rented to B. L. Blumauer the store room in the Neville building below the postoffice, which is to be used for a general dry goods and clothing store, and will be opened on December 1st. This store is rented for D. L. Barnett, now in business in Los Angeles.

Deported Japanese—Immigration Inspector J. J. Murphy was in Douglas today, conferring with the immigration officers in this city. Mr. Murphy yesterday deported six pauper Japanese, putting them across the line at Naco. These Japs recently crossed from Mexico into the United States a short distance west of El Paso. They were shortly apprehended and being without means of support they were taken to Tucson, where they had a hearing and were ordered deported to the country from which they came.

A Large Radish—Colonel French was exhibiting a radish this forenoon which weighed four pounds and four-tenths ounces, grown on his ranch a few miles west of town.

EL PASO & SOUTHWESTERN SYSTEM.

Special Excursion to City of Mexico.

\$40.00 the round trip. Tickets limited to 30 days from date of sale, and standard Pullman sleepers will constitute the train, being personally conducted by Mr. Garnett King. No one should overlook this exceptional opportunity who contemplates making a tour of picturesque and quaint Old Mexico. Sleeping car fare from Bisbee will be only \$6.50, and reservations may be made at any time by calling at depot ticket office. Let us tell you about it and figure with you for this trip.

W. P. McNAIR, Agent

Phillips Trial Today—Lee Phillips' trial on the charge of assaulting his wife is being heard before Judge Doan in Tombstone today. Gid Graham and his daughter, Mrs. Phillips, track more faithfully. It is only a him.

Poor Sonora Mail Service—Passengers coming into Douglas from the lower portion of Sonora report a great mix-up in the mail in that country. It appears that some time ago the government, owing to the Yaqui troubles, had occasion to change the mail route from Hermosillo to the Sahuaria and other districts in southeastern Sonora and at the same time did not make the necessary provision for the extra carriers to take charge of the mail, and it has been accumulating for the past month at Lampasas and other points in that vicinity, with the result that the people living in that section have not been able to hear from the outside world. The route has just been changed back to the old line and it is expected that everything will be cleaned up shortly.

Will Accompany Grindell—Ralph Colvin of the Haas cafe has volunteered to accompany the searching party of E. P. Grindell, who seeks to discover the remains of his lost brother on the desert in Mexico, opposite Tiburon Island. Mr. Grindell has been provided with the necessary money to pay the expenses of his trip by the citizens of Douglas. Yesterday he wired to William Fairall that he would like to have a good man who could speak Spanish to accompany his party. Mr. Colvin volunteered to go if a rifle and saddle were furnished him. This was done today by Mr. Fairall, and Mr. Colvin will go on the train this afternoon to Hermosillo. He has had much experience on the western plains and will be a valuable addition to the Grindell searching party.

Bought Residence—James Wood of the Calumet and Arizona smelter in this city purchased this week the residence formerly owned by Mrs. Worthington in this city. The property is located at the corner of Eighth street and D avenue—a very desirable location for a home. Mr. Wood will terminate his connection with the smelter after December 5th and will then move to the city. The buying of this property is an assurance that Mr. Wood will remain in the city, which should be cause for general satisfaction.

Fire in a Bakery—Fire broke out this morning about 3 o'clock in the bakery of E. Reinhart, on Eighth street, near G avenue. The inside of the building was badly damaged, but the walls, being of adobe, are still intact. There was no insurance.

The street railway has secured an engine from Clifton, which began operations this morning. It is not as large as the old one, but stays on the track more faithfully. It is only a makeshift until early in the coming year, when electric cars will take its place.

Will Attend Woman's Club—Mrs. S. W. French and her mother, Mrs. Stevenson, left on the train this morning for Phoenix, where they go to attend the annual meeting of the Arizona Federation of Women's Clubs. Mrs. French is the only member of this federation in Douglas. She was the promoter of the club in Bisbee.

One Vagrant—The docket of the justice court this morning consisted of only one lone prisoner. The city officers gathered in Howard Casey, who will be tried this afternoon for vagrancy.

Prominent Architect—H. C. Trost was in Douglas last night to attend the meeting of the city council, he having furnished the plans for the new city hall building, for which bids were received. Mr. Trost also brought to be constructed by the First National bank on the corner of Tenth and G. He brought with him a plan for the Overlook-Shattuck building on the corner of H and Tenth. It is the intention of Trost & Trost to open a branch architect office in this city after the first of the year.

Hon. Pat Collins of Mohave county was a visitor to Douglas yesterday en route home from attending the mining congress. Mr. Collins is one of the prominent men of northern Arizona and is one of the pioneers of the west and of Arizona, too.

Maudsleys proceedings have become so common of late that one which did not come up before the supreme court on Saturday has been slightly overlooked.

Attorney John B. Wright was here to get it before the court, but the large amount of time taken up by the certiorari cases did not permit of the judges reaching Wright's matter.

Acting for the Arizona Pioneers' Society, Wright made application for a writ of mandate to compel Territorial Auditor Wesley A. Hill to pay the society the sum of \$1500, which he has refused to do.

Wright claims that the legislature appropriated \$1500 to the Pioneers' society, which Hill has declined to pay on the ground that the legislature of 1901 passed an act doing away with the society as a territorial institution.

This is admitted by the attorney for the society, but he claims that the repealing act of 1901 was later repealed and the society again made a territorial institution.

Wright asks for a writ of mandate compelling Auditor Hill to pay over this sum of money to the society, which is greatly in need of funds.

G. L. Andrews, customs broker, returned this morning from El Paso, where he had been on a business trip. Custom Collector Edwin Baker of Nogales was in Douglas last night, returning home this morning. He states that business was not so good at Nogales as it would be if it were not for the Yaqui troubles in Sonora, but that business at the Douglas port was increasing gradually.

R. S. MacLay went to Tombstone this morning in answer to a subpoena to appear and give testimony in court as to what transpired in the grand jury recently, of which he was secretary. Mr. MacLay was accompanied to the county seat by his little daughter.

L. Lamport of the Copper City Cigar Company returned yesterday from a trip to Clifton, Morenci, El Paso, Lordsburg and other places in the interests of the company and did a good business for this popular line of cigars.

R. T. Gonzales, the new Nacozari railroad agent at Agua Prieta, arrived from El Paso last evening, where he has been on a short visit, and is being checked in as agent today, relieving R. G. Wing, who will leave shortly for El Paso.

James M. Smith, Jr., a mining engineer from El Paso, who is interested in some properties in the Sahuaria district, passed through Douglas last night on his way home from the mines and reports everything looking very favorable in that section for the coming year.

W. J. Stevens of the Provident Mutual Loan Association went to Bisbee this morning, where he was called on business. Stevens declares that the life insurance companies are not the only insurance people who have their troubles.

REVIEW CLASSIFIED "ADS"

...ONE CENT A WORD...

COPPER

The new edition of the COPPER HANDBOOK lists and describes \$311 copper mines and copper mining companies in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages each in length, according to importance of the mines. The descriptions are not padded, but give facts in the most condensed and get-at-able form.

There are also fifteen miscellaneous chapters, devoted to History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia on the subject of Copper and everything pertaining to the metal.

It is the World's Standard Reference Book on Copper

Every Miner, Prospector, Banker and Broker needs the book. Price is \$5 in buckram binding with gilt top, or \$7.50 in full library morocco and the book, in either binding, will be sent, fully prepaid, on approval, to any address in the world, to be paid for if found satisfactory, or it may be returned, within a week of receipt, and the charge will be canceled. Address the Author and Publisher.

HORACE J. STEVENS
